

## Choose Dental Employment Services, Inc.?

### FOR PROFESSIONALS

- We have been serving the dental community for over 25 years, and work with offices all over the greater Puget Sound area.
- Our staff has combined experience in business, human resources, customer service, and staff training and development.
- We have 24 hour answered/monitored phone lines.
- Our communication with you will be on-going and comprehensive. You are our most valuable asset, so we make it a priority to stay in continued contact with you.
- We meet and interview every professional that works with our organization to ensure that we understand your goals, so we can best serve you.
- We believe that feedback is important and leads to better performance, thus we will share with you when an office provides their feedback, positive or negative.
- We provide temporary work for one day, multiple days or long term assignments, such as maternity leaves or leaves of absence.
- We provide resume and interviewing consultation.
- We will share with you current job market information regarding compensation and benefits, as well as what offices are looking for in their perfect candidate.
- We are well-respected in the dental community, so offices often post their positions exclusively with us; therefore, registering with us provides you with temporary and permanent positions you might not find anywhere else.
- As long as you stay in contact with us and represent our agency professionally in the field, you are free to adjust your active status with us as often as necessary, depending on your employment needs.
- Our services are completely confidential, so you can be assured that your information will not be shared without your permission.
- There is absolutely NO COST TO YOU!
